Preface

The *CAP Workshop 1991* is the second in a series of workshops supported by Fujitsu under the auspices of the Fujitsu-ANU joint research agreement. The first workshop was held at Fujitsu Research Laboratories, Kawasaki, Japan, in November 1990. The second workshop is being held at the Australian National University, Canberra, Australia, in November 1991.

The organisers would like to thank all those who have contributed to the success of this workshop –

- Fujitsu Ltd., Fujitsu Research Laboratories, and Fujitsu Australia for their support of the Fujitsu-ANU joint research agreement;
- the Centre for Information Science Research at ANU for its support and coordinating role;
- members of the Computer-Based Systems Laboratory at Fujitsu Research Laboratories and the ANU CAP Team for their technical assistance;
- members of the Advisory Board, Program Committee and Local Arrangements Committee;
- Michelle Moravec for assistance with production of the Proceedings;
- contributors to the panel session for their insights;
- and not least the authors of the papers for the time and effort involved in preparing their papers.
